

REPORT FROM HIGHWAY COMMISSIONER
ANTONIO RUBINO

The Highway Department maintains the residential streets and public right of way in unincorporated Orland Township. This includes repair and construction of streets, storm sewers, sidewalks, curbs and street signs. We are located at:
16125 S. Wolf Road · Orland Park, IL

It is unlawful to discharge any sump pumps onto Township sidewalks and roads. The standing water exacerbates pavement deterioration and create an ice hazard in winter months. Drain hoses should be directed to the natural ditch between homes so that water will follow grade.

REPORT ROAD-RELATED CONCERNS
708-403-5148

The Highway Department has partnered with the Cook County Sheriff's Department for the Cell Phones for Seniors Program. This program provides seniors with a free cell phone for access to 911 and Emergency Services. If you or a family member are in need, please call the program office at: **708-865-7341**

REMEMBER
SUNDAY
NOVEMBER 6

Smoke detectors save lives, but they cannot operate with dead batteries. Remember to change the battery in your detectors every time you reset your clocks.

Pumpkin Recycling
NEW PROGRAM - ENDS NOV. 30TH

Help keep pumpkins out of our landfills this season by recycling them at the Highway Dept.

Once collected, they will be transported to local farms for use as compost.

Our Highway Department is getting ready for the winter season ahead. Because winter often can be challenging for motorists, it's important for everyone to know how snow and ice control is accomplished by Orland Township.

The snow removal process includes a prioritized implementation schedule in order to ensure public safety. It is imperative to clear main roads first to provide mobility and access for police, fire and ambulatory activity.

When the flakes begin to fall...

Snow removal operations begin when flakes begin to fall. All operations begin with salting streets, continuing until streets are clear and salting is no longer effective because of snow depth.

Let It Snow...Let It Snow...

When two to three inches of snow have accumulated, and more is expected, it is more economical to remove snow by plowing rather than by salting.

If the storm continues in intensity, trucks remain in the same pattern. When the storm appears to let up, plows begin to clear all remaining roads and intersections to the curb line.

Working together with local residents, the Highway Department can help promote a safe and enjoyable winter. We appreciate your cooperation.

Snow Removal

ADOPT A HYDRANT

Please take a moment after each snowfall to clear snow away three feet on all sides of any fire hydrants on or near your property so they can be accessed in an emergency.

Remember: every second counts.

SNOW STAKES AVAILABLE

Snow stakes are available at the Township Garage. Placement of these stakes along the outer easement will assist plow drivers in determining curb locations and lessen the possibility of sod damage. Please report sod damage to the Highway Department at 708-403-5148

IN PARTNERSHIP WITH
**ORLAND TOWNSHIP
HIGHWAY DEPARTMENT**

RewearAble is a clothing recycling program committed to helping people with developmental disabilities pursue rewarding lives through sustainable employment.

IT'S EASY TO DONATE!

The Highway Department is currently accepting clothing, shoes, accessories, bedding and other household textiles, towels, toys, non-breakable household goods in used, good condition.

CLOTHING ITEMS

- Tops
- Shoes
- Outerwear
- Bottoms
- Suits
- Underwear
- Socks
