- c. At no time shall construction operations obstruct more than half (½) of the available pavement width.
- d. No changes, alterations, or revisions will be permitted unless approved in writing by the Orland Township Highway Commissioner.
- e. Erosion control systems must be maintained during construction until grass or landscaping is established.
- f. This permit covers only the specific work mentioned herein and does not release the Applicant(s) from complying with all applicable laws, statutes, ordinances and regulations from any governmental body having jurisdiction.
- g. Applicant acknowledges that the work in question will be subject to the right of inspection and approval of the Orland Township Highway Commissioner prior to permanent resurfacing. Any work not performed in accordance with the standards applicable to Township road and right of ways may be rejected and ordered redone.
- h. Right of way restoration shall be complete within 30 days after work has been completed to a standard of "as good or better".

My signature below acknowledges I have received, read, and agree to abide by all permit requirements pertaining to this permit. I further understand and agree that failure to comply with the permit requirements will result in revocation of this permit, stopping all work on or to Township Right of Way and/or forfeiture of bond money. I agree to keep the required bond in force until released by the Orland Township Highway Department. I understand and agree that any costs incurred by the Township in connection with activities covered by this permit exceeding the amount posted as bond security shall be billed to the owner of record and/or applicant as agent for owner for this permit as will any costs associated with recovery of damages.
