

Dear Resident,

It is a great honor to be your Highway Commissioner. The Highway Department maintains and services the roads, bridges, and road right of ways in unincorporated Orland Township, keeping them safe and accessible.

Improving the safety and overall appearance of our community is a cooperative effort between the Highway Department and its residents. My goal is to improve communications with our residents, enhance services and improve transparency. **See you around the Community!**

- ANTONIO RUBINO

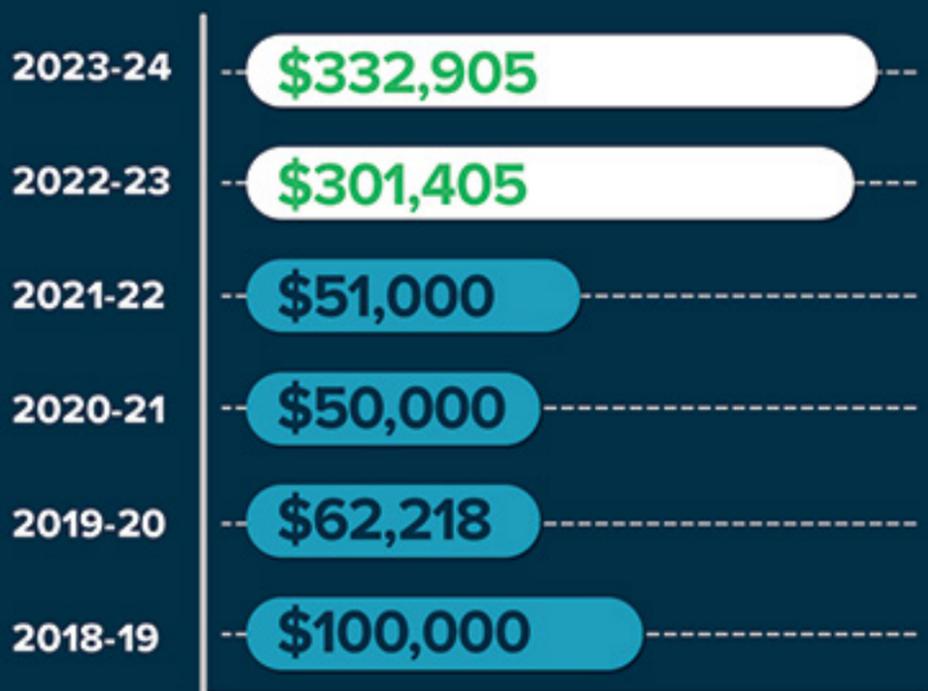

GRANT UPDATES

Since taking office in 2021, the Highway Department is slated to receive more than 1.5 million dollars from the State of Illinois to help with costs associated with infrastructure improvements.

ROAD IMPROVEMENT BUDGET

Prior administrations significantly underfunded the upkeep and repair of the roads in Orland Township. Since taking office, I have made it my priority to boost funding while keeping the residents' tax levy increase at 0%. The appearance of your streets is now better than it has ever been. *That's your township working for you!*

TAX LEVY

ORLAND TOWNSHIP - ROAD AND BRIDGE DISTRICT

My office has held the line on a 0% property tax levy for the Road District of Orland Township for 3 consecutive years which has resulted in the property tax bill remaining flat, with no increases. The current tax levy for the Road District of Orland Township is \$1,196,151.00. 52%, or \$621,998.52, of the tax levy is allocated for the Road District of Orland Township and 48%, or \$574,152.48, is allocated to the municipality share between Orland Park, Tinley Park and Orland Hills.

- Road District of Orland Township
\$621,998.52
- Municipal Share Orland Park, Tinley Park and Orland Hills
\$574,152.48

HOLIDAY HERO'S

Thank you to everyone who helped support the new Holiday Hero's program this holiday season!

COMMISSIONER'S RECYCLING INITIATIVE

When residents help recycle items in their community, it should generate revenue that goes back into improvements and benefits. Since taking office, I have ensured that recycling programs bring in revenue year after year, something previous administrations failed to do. To date, the recycling initiative, that I have implemented has brought in over **\$80,171.39** of revenue for the Road District.

CRUSHING IT!

With your help in 2023, we recycled **90 TONS of E-Waste**, keeping it out of our landfills and the environment. Let's do it again in 2024!
